## *How do I know Helen's House Works?*

### **Caregiver Survey Comments:**

“My mother enjoys Helen's House. I feel she is in good hands there, and I trust them completely. The 3 days a week that she goes, I am free to go anywhere, and I know that my mother will be safe and tended to... This is the best value for the money that we can do.”

“Keep up the good work.  
Thanks for all you do.”

“It gives me a peace of mind knowing she's doing something besides looking out the window. I also appreciate the fact that they watch her health and keep me posted on any concerns.”

“(They) work hard to find variety that catches their interest ... She does a lot with music, which mom loves...I just can't provide that kind of stimulation.”
